## MECHANICAL SHIFT TECHNICIAN

A vacancy has arisen for a Mechanical Shift Technician to join our Engineering Department.

Responsibilities will include:

- Ensuring steam is supplied to all production units
- Operation of factory services ie air, water, effluent
- Repair and maintenance of factory systems
- Fault finding and diagnosis on plant and equipment
- Installation of new kit
- Welding repairs
- Observing all health & safety requirements

You must have a relevant Mechanical qualification, ie BTEC, NVQ 3, City & Guilds or similar. You must also have a minimum of 5 years' experience in a similar role within a manufacturing environment.

You should be self-motivate, able to work with minimum supervision, with strong communication and interpersonal skills.

This is a full time shift role, 40 hours per week, working a 3 shift rota, Monday to Friday.

If you are interested in this role please send your CV and letter of application to [jobs@standfast-barracks.com](mailto:jobs@standfast-barracks.com) by 23 October 2020.
